EDUCATION

Vellore Institute of Technology (VIT) — **Vellore, Tamil Nadu, India**

Integrated M.Tech in Software Engineering (CGPA: 8.91/10) — *2023 – 2028 (Expected)*

- **Specialization**: Software Engineering and Computer Science fundamentals, Object-Oriented Programming, and Data Structures.

Narayana Junior College — **Anantapur, Andhra Pradesh, India**

Intermediate (Class XII) - MPC (Board of Intermediate Education, Andhra Pradesh) — *Sep 2021 – Mar 2023*

- **Performance**: Secured a score of **97.30%**.

TECHNICAL SKILLS

Languages:	Java, Python, JavaScript, TypeScript, C / C++, SQL, Bash
Frontend & Web Dev:	Web Development, React, HTML5, CSS3, Tailwind CSS, Vite, Context API
Backend & Databases:	Node.js, Express, MongoDB, REST APIs, Web APIs, Local Storage
AI & Data Science:	Machine Learning, Pandas, NumPy, Scikit-learn, XGBoost, LightGBM, Jupyter Notebook
Fundamentals & Tools:	Algorithms, Data Structures, OOP, SOLID Principles, Git, GitHub, Jenkins, Vibe Coding, Manifest V3, Web Crypto, PDF.js

EXPERIENCE

InAmigos Foundation (IAF) — **India**

Web Development Intern — *June 2026 – Present*

- Developing and maintaining client-side web application frontends using HTML5, CSS3, and JavaScript.
- Integrating component assets and UI components to ensure smooth user experience workflows.
- Improving client-side responsiveness, cross-browser compatibility, and rendering performance for optimized layouts.

Thiranex — **India**

Full-Stack Web Development Intern — *May 2026 – Present*

- Developing responsive full-stack web applications using React, Node.js, and MongoDB, integrating modern API solutions.
- Crafting clean, user-centric interfaces and reusable component systems with high-fidelity styling frameworks.
- Collaborating on backend routing implementations, state synchronization flows, and database connection pools.

ACADEMIC & PERSONAL PROJECTS

E-commerce Web Application — **GitHub**

React, Vite, Tailwind CSS, Web APIs — *Demo Live ↗*

- Built a full-featured e-commerce platform offering a seamless shopping experience, interactive product catalog with search & filter, cart management, and a streamlined checkout flow.
- Implemented clean and modern design with smooth UI transitions and fully responsive checkouts using custom state hooks.

SmartFill Browser Extension (Auto Fill Assistant) — **GitHub**

TypeScript, React, Vite, Manifest V3, Web Crypto API, PDF.js — *May 2026 – June 2026 | Edge Addon Live ↗*

- Developed an AI-powered form autofill extension that detects online forms, suggests field matches from local profiles, and fills fields only on user request.
- Integrated Web Crypto API for local profile encryption to ensure security, privacy, and prevention of autofill phishing vectors.
- Published extension to the Microsoft Edge Addons marketplace, supporting active installation downloads.

Virtual Fitness Trainer (AI Fit Coach) — **GitHub**

React, TypeScript, Vite, Tailwind CSS, shadcn/ui, Firebase Auth & Firestore, Recharts — *Demo Live ↗*

- Developed an AI-first web app using computer vision for real-time exercise form tracking and posture analysis.
- Built a motivational AI coach chatbot using GPT API to provide nutrition guidance and custom workout plans.
- Implemented session analytics dashboard with Firestore database persistence, charting user metrics over time.

AI Flood Prediction Model — **GitHub**

Python, Pandas, NumPy, Scikit-learn, XGBoost, LightGBM, Jupyter Notebook — *Model Complete*

- Developed an AI-based flood prediction model that analyzes rainfall, river level, and historical weather patterns to estimate flood risk.
- Maintained training pipelines to optimize hyperparameters, achieving high prediction precision.

ACHIEVEMENTS AND CERTIFICATIONS

- **GenAI Powered Data Analytics Job Simulation** (Tata, 2026)
- **Data Analytics Job Simulation** (Deloitte Australia, 2026)
- **Building with GitHub Copilot Agent Mode** (Microsoft, 2026)
- **AI For Beginners** (HP LIFE, 2025)
- **Java Spring Boot Certification** (Infosys Springboard, 2026)
- **AWS Cloud Practitioner Essentials** (Amazon Web Services, 2026)
- **Software Engineering Job Simulation** (JPMorganChase, 2026)
- **Fusion 360 Workshop** (Autodesk, 2024)
